Product

203TN5P Mini Countertop Water Dispenser with Heating and Cooling Functions

Water temperature control by mini-computer and with VFD display

Specifications:

Specifications:

Power source: 220-240VI50Hz; 1 10V/60Hz

Energy consumption:1.2 -2 1KW.h

Total power:773W

Heating power:500w-675w optional

Cooling power:85-98w

36L High-end Appearance Freestanding Office Household Electric Water Dispenser With High Efficiency

Water temperature control by mini-computer and with VFD display

Specifications:

Specifications:

Heating Capacity:≥90C,≥5L/H

Cooling Capacity:≤10C,≥2L/H

Power : 220/50- 60Hz 11 0V/60Hz

Energy consumption: 1. 5kw .h/24h

Total power: 601W

Heating power: 500W

Cooling power: 98W

203LP-X RO Purifying Hot/Cold/Warm Freestanding Tankless Drinking Household Pipeline Purifier Water Dispenser

Water temperature control by mini-computer and with VFD display

Specifications:

Features

Packing aize: 33x36x99CM

Three faucets-cold/ wa rm/hot water

VFD display and mini- computer control

Compressor cooling system

All use ele ctrical valve faucet
